

Exciting Employment & Scholarship Opportunity for Students & Recent Graduates!

Greetings!

Your students are likely eager to take the knowledge and skills they're acquiring and apply them in a rewarding career. To that end, the California Assisted Living Association (CALA) is excited to announce the [student scholarship program](#) for the [CALA 2017 Fall Conference & Trade Show](#), valued at **\$925**. Students who receive the scholarship will:

- Gain a greater understanding of the Senior Living profession and explore career possibilities
- Meet face-to-face with prospective employers at an "invitation only" event
- Hear from a Senior Living recruiter who will share strategies to navigating a career path
- Walk away with practical knowledge to give them a leg-up in career pursuits

Students who complete the [scholarship application](#) may be selected to attend the Fall Conference & Trade Show in Rancho Mirage free of charge. The scholarship covers registration for all three days from November 6 – 8; applicants will be responsible for lodging and transportation. Limited travel/lodging assistance is available to scholarship recipients traveling from outside the area for whom this presents a hardship. **Application deadline: October 6th**.

Not sure how all this fits with the skills your students are learning and developing? Senior living operators are actively seeking individuals with skills specific to your program. For more details, take a look at this [short video](#) and [career opportunities for nursing graduates](#).

I invite you to contact me if you have any questions and look forward to meeting your students at the Fall Conference & Trade Show. Thank you.

Sincerely,

Jan Trifiro
