

## LAH3C Friday November 21, 2014 Curriculum Meeting Minutes

### Meeting Started at 10:15am

Life Science is the department where ELAC is housing the new courses. LATTC is created the courses in the Allied Healthcare area. LACC will adopt the ELAC area.

### LA Chamber of Commerce Meeting Information

Digital badges and competency model was shared with the LA Chamber of Commerce Advisory Meeting

Employees that interview for jobs don't require a license or certificate are not professional (language, dress appropriately, resume in hand, being prepared in general).

Credentials are completion of the course.

Competencies can be gain without completion of all courses (petition).

Marketing strategy for credentials and competencies needs to be created and distributed.

Computer skills/remediation of those skills are needed

We have to create an assessment for the computer literacy component so students can be screened prior to reaching tier 2.

The group reviewed and provided feedback the syllabi that Rita created.

HLTHOCC 038	HOME HEALTH AIDE
HLTHOCC 062	SKILL SET FOR THE HEALTH CARE PROFESSIONAL
HLTHOCC 063	BASIC MEDICAL TERMINOLOGY, PATHOPHYSIOLOGY AND PHARMACOLOGY FOR THE HEALTHCARE PROFESSIONAL
HLTHOCC 064	CULTURAL AND LEGAL TOPICS FOR HEALTH CARE PROFESSIONALS
HLTHOCC 065	FUNDAMENTALS FOR THE HEALTH CARE PROFESSIONAL

Gina: Objective rubric and outside evaluator to evaluate the student?

Passing Clinical = issues a digital badge.

Suggestions on changes to the syllabi are needed. They will be placed in Moodle.
